Total Fee:

Plus a daily charge applies after the first 3 days:

- \$18.50 per day for each single dwelling or unit
- \$31.00 per day for other development

Amount of days in total:

Total Fee:

If the activity is proposed to be carried out on the next working day, the application must be submitted to Council before 12 noon.

Council will endeavour to process all applications as soon as practicable. However, applications for activities which impact upon the use and operation of public roadways or public safety may take longer to be assessed and applications should be made at least 10 days in advance of the proposed date/s.

Public Liability and Insurance:

A Public Liability Insurance policy, having a minimum liability of \$10 million, must be in place to cover the placement of the waste container in a public place for the full duration and scope of the activity.

Confirmation of Public Liability Insurance Policy Yes No

Please draw or attach a sketch plan of the location of the skip/container area required with dimensions below:

Please note: Approval is required to be obtained from the Roads & Maritime Services if it is proposed to operate and stand plant: -
- on a State Road and Regional Road
- intersecting with a State Road/Regional Road
- within 100m of intersecting a State Road/Regional Road
- at any intersection with traffic signals.

NOTE: This is an application only. As such you are not permitted to place a waste storage container on Council's roadway until written approval is given by Council.
